June's Eagle Scout of the Month & E-newsletter

June's Eagle Scout of the month is Brennan T. from Troop 13 in Greeley, Colorado. Brennan has blazed the trail through Scouting since 2012 as a Tiger Cub Scout.

Brennan’s Eagle Scout project benefitted the Poudre River Trail and the City of Greeley. His project was concreting a large rest area, adding a bike rack, pump, and work station on the Poudre River Trail west of 95th Avenue. He spruced up the area making it more friendly for walkers and bikers to stop and enjoy the rest area. It also created an area for bikers to fix their bikes or air up their tires. The bike rack gives bikers a place to park their bike while using the port-a-potty or sitting and resting.

"I am proud of my Eagle Project because I know that it is helping people. For example, one day I was riding on the trail with my parents and there were two ladies who had stopped at the rest area. One of them had two flat tires. I was able to help them air up the tires, so they could keep riding. I have also noticed that the tools are being used as well. I am glad that my project is helping people enjoy the Poudre River Trail either by fixing their bikes, or just a nicer area to relax," Brennan said.

Brennan’s extracurricular activities include: Scouting, odyssey of the mind, jazz band, and drone flying for Brentwood Middle School. He will be a freshman in the fall at Greeley West High School. Brennan says, "Scouting has given me confidence to achieve my dreams in life." Brennan would like to pursue a career in Engineering. Congratulations Brennan!

Over the course of 10 summer days, once every four years, the Boy Scouts of America gathers together. Scouts and Scouters who attend will explore all kinds of adventures—stadium shows, pioneer village, Mount Jack hikes, adventure sports and more—in the heart of one of nature’s greatest playgrounds. With 10,000 acres at the Summit to explore, there’s no shortage of opportunities to build Scouting memories.
